

BA (HONS) HEALTHCARE MANAGEMENT WITH FOUNDATION YEAR

Do you want to progress into a managerial role in healthcare, but you're not sure if you meet the entry requirements for university study? A degree with a foundation year is perfect for those who need a little extra support to continue their journey into higher education.

This BA (Hons) Healthcare Management with foundation year will prepare you with the essential skills and subject knowledge needed to embark on your undergraduate degree in healthcare management. Covering quality management, leadership and more, it's also accredited by the Chartered Management Institute (CMI), a professional body dedicated to promoting the highest standards in

management and leadership, adding further credibility to your degree and giving your CV a boost so you stand out in the field. The course will focus on areas including social, political and ethical issues in healthcare, working ethically and performance management, and will lead you to the career you've always wanted.

Modules are:

Foundation Year (Level 0)

Developing Academic Skills

Learn the key skills needed to succeed in undergraduate studies, as an Arden student. Time management, self-study, identifying credible sources and how to apply them to your studies will be covered, providing you with the ability and self-confidence to develop as an independent learner.

Using Numeracy, Data and IT

Gain the solid knowledge base in numeracy, data and IT needed to take on undergraduate study. You will be introduced to spreadsheets and learn to use some simple formula functions. You will design numerical analyses and select appropriate ways to present your data that will form problem solving. Learn to calculate ratios, proportions, percentages and averages and how to present them with graphics.

Research Skills and Using Information

Learn the process of developing and implementing an academic project in this module. You will develop basic research and data presentation skills, learn to draw meaningful conclusions from data sets, and craft an academic research paper from quality information.

Values, Ethics and Working Collaboratively

Arden students are ethical students. This module will use case to explain what ethics is and why it's important, to ensure people are treated with dignity. Learn to work collaboratively in a way that promotes and protects individual rights and ethical values in a range of professional sectors. This module covers a range of topics from business ethics, to data security, to working with vulnerable people.

BA (HONS) HEALTHCARE MANAGEMENT WITH FOUNDATION YEAR

Technology in Organisations

Use theory, practical learning and experience to discover the role of IT in organisations. Understand the evolving role of Information Systems in modern organisations, how the advancement in telecommunications impacted them, and the IT security and data privacy measures they need to stay safe. You'll also learn how to create, edit and format a range of organisational documents using IT.

Structure of Business

Gain an understanding of the different types of business and the key concepts associated with introductory economics. Learn to evaluate the strengths and weaknesses of various legal frameworks and finance-generating alternatives for a new business. You will explore the role key 'Human Resource' policies play within an organisation. Current business world examples will be used so your studies remain cutting edge and relevant.

Course duration

By completing a foundation year, you'll take four years to complete the course in total. Your course will be delivered through a blend of online and face-to-face teaching, compressing the number of days you need to be at the study centre.

Entry requirements

The four year route with integrated foundation year is perfect for those with a desire to return to education or seeking to develop key study skills in their first year.

Candidates are required to submit a personal statement (of between 350-550 words) or attend an interview demonstrating an ability to study the programme, taking into account:

- their motivation for undertaking the programme
- relevant work experience
- prior qualifications
- references
